

AIRCRAFT BATTERY

Type 20 KSX 25 P

(NSN 6140430005763)

Technical data

Battery nominal voltage:	24 V
Nominal capacity C_5 :	25 Ah
Cranking ability at discharge current:	250 A-discharge time minimum 4,5 min. to 16 V 375 A-discharge time minimum 2,5 min. to 14 V
Cycle life:	min. 250 cycles
Weight:	max. 28 kg
Operating temperature:	from -40°C to +60°C
Dimensions (in mm) length x width x height:	368 x 174 x 226

Application

- Aircraft engine start-up.
- Emergency power system for onboard DC control devices.
